Keynote speakers

Gaylene Clews
Sport Psychologist
Former Triathlete

Gaylene Clews was an elite swimmer, runner and World Number One Triathlete while married to World Marathon champion Robert de Castella. She coached athletes to medals at World Championships and was the team Psychologist to the Gold Medal winning Women's Water Polo team at the 2000 Olympics and has been a consultant to the Australian Wallabies (ARU), Canberra Raiders (NRL) Cricket NSW and the ACT.

Dr Justen O'Connor
Senior Lecturer
Monash University

Justen has research experience that utilises systems thinking, social ecology and strengths based approaches to explore curriculum and pedagogy associated with health, physical education, sport and lifetime physical activity. Justen also has an interest in social justice within education as well as informal forms of participation in movement.

Dr Judith Locke
Clinical Psychologist
Author '*The Bonsai Child*'

Dr Judith Locke is a clinical psychologist, former teacher and school counsellor who specialises in parenting and child well-being. Judith is a visiting fellow at the Queensland University of Technology where she researches modern parenting, child and parent well-being and how children and parents interact with academic environments.
