ONLINE LEARNING

ACHPER NSW is excited to announce the launch of the Online Learning Programs.

Planning for quality learning - Developing effective units of work (Part 1) - 5 hours PL

This webinar provides a step-by-step process to support the development of effective, quality units for the new K-10 PDHPE syllabus.

Planning for quality learning - Evaluating and reviewing units of work (Part 2) - 3 hours PL

This webinar provides you with tools and strategies you can use to undertake reviews of your program. This is the second webinar in the two part series, but can be done independently,focusing on Planning for Quality Learning.We will explore processes and structures that you can use to support the collaborative review and critique of units from old program and newly designed units that have been taught this year for the first time.
